## GUIDELINES FOR POSTER DISPLAY

### POSTER DESIGN

- If your abstract is accepted as a poster, you will be requested to be available for discussion during the corresponding poster viewing session (see below).
- It is mandatory to indicate your new abstract number in the upper right corner of the poster.
- Don't overload your poster. Remember, you are not writing an article. Seek simplicity, keep text to a minimum and avoid redundancies.
- PRs is keen to adopt new ways of poster presentation and design. We thus encourage our poster presenters to refer to the following article and guidelines when preparing their poster.
  - See the article [here](#)
  - Download the PosterSessionOnline template [here](#)
  - Upload and order the final version of your poster [here](#)
- Handouts of your abstract / poster (with your contact details) to your interested readers may facilitate future research communication.
- QR codes linking to scientific content can be included on the poster.
- Prepare a short (< 4 minutes) oral guide through your poster to be presented to interested participants during the Poster viewing.

### POSTER DIMENSIONS

- Orientation format: **Portrait**
- Recommended size: **A0 Format (1189mm of height and 841 mm of width)**

### POSTER PRINTING SERVICE

- We are pleased to inform you that this year we will be working with the innovative **PosterSessionOnline** service to provide a poster printing service for this year's Congress.
- Do you want to avoid the hassle of traveling with your printed poster? Then use PosterSessionOnline to prepare, print, and deliver your poster to you onsite. This way you do not need to bring your poster to Helsinki but you can collect your poster at the Registration desk.
